SUBJECT:

The Air Quality Control Commission will hold a rulemaking hearing to consider revisions to its Procedural Rules, to eliminate or update obsolete provisions, delete duplicate language, and to improve their “readability” so that the rules can be more easily understood by the general public. The proposal also creates substantive changes related to public participation in rulemaking proceedings and amends the adjudicatory procedures for streamlining and practicality. Alternate proposals and other suggestions from parties that address these concerns may be considered by the Commission. Further, these revisions will include any typographical, grammatical and formatting errors throughout the regulation.

Parties will be confirmed and a party list will be generated and distributed. The status conference will be held virtually via video conference. Each party must submit a prehearing statement. Exhibits to a prehearing statement must be submitted in a separate electronic transmission. Prehearing statements and associated exhibits must be emailed to all persons listed on the party status list or otherwise provided through an approved method of electronic transmission.
