<b>Contribution Requests</b>								
Peaks to Plains Trail (3)	Construction	Jeffco Open Space			<b>\$1.25M</b>			
<b>TOTAL</b>					<b>\$62.16M</b>			

- Jeffco Open Space was awarded a Regional grant for the Peaks for Plains Trail.

- Jeffco will remove its 32<sup>nd</sup> Ave (Eldridge to Alkire) project from consideration of a subregional grant since it would likely not qualify for TIP funding.
- In order to achieve 200% of the available subregional pot, applications for \$62.16M would be required and currently there is less than this amount being requested.
- Open Space is requesting an additional \$1.25M from the Jeffco Subregion because Adams and Denver Counties' subregions have not provided requesting funding. A request is still pending from Adams County's subregion.
- GOLDEN – Met with CDOT to request \$250k for 6<sup>th</sup> Avenue and Heritage.
- ARVADA – Sheridan PEL can be crossed off the list. CDOT did not show enough interest for Arvada to pursue it.
- OPEN SPACE: The updated cost is \$250k for the Front Range Trail with an request of \$100k from the subregion.
- The deadline is February 27<sup>th</sup> to turn in subregional applications to Steve Durian. Everything should be emailed to him.

#### 5. Funding Collaborative Proposals

- County Commissioners are going to establish review criteria next week to consider contribution requests toward local matches.
- Steve Durian will ask Commissions to give criteria and/or maximum dollar amounts.
- Jefferson County's Colfax Sidewalk proposal – Pleasant View Metro is going to consider a small contribution and ROW dedication.
- Steve Glueck will not be able to give an answer of whether Golden will contribute toward the Jefferson County Colfax Sidewalk proposal until next week.
- Arvada is going to be contributing to Open Space for Front Range Trail Feasibility study.
- Next month, we should plan to give short presentations of our projects so the Forum can become familiar with them.

#### 6. Jeffco Subregion Proposal Scoring Committee

- Scores are going to be low, medium, and high. Scoring is a little time consuming, but not challenging.
- We should have DRCOG and CDOT be involved along with Forum member jurisdictions with initial scoring, then have our Forum members prioritize scored projects.
- We can consider assembling as large pool a pool of individuals as possible to score the projects to achieve a diversity of opinions.
- Steve Durian will reach out to the other communities who are not here to see if they want to participate in the scoring, as well as reaching out to a few more DRCOG members.
- RTD staff will not be asked to participate in scoring.
- Steve Durian will make a list of who should be involved with evaluating project proposals and request that the forum will give its blessing.

#### 7. Discussion of Integrating JEFFTAGG with Jeffco Subregional Forum

- There is consideration underway of restructuring JEFFTAAG.
- One option could be to combine the subregional forum with JEFFTAAG.
- JEFFTAAG had a survey with elected officials about the structure change, about 25% responded.
- Chair of JEFFTAAG is going to be Commissioner Dahlkemper.
- It might be difficult to combine the two groups.
- One perspective is that the subregional forum should only meet as needed.

- DRCOG wants this forum to exist after the TIP process and be able to use the forum for upcoming projects.

8. Roundtable

- CDOT – Concurrence decisions will be back by 2/7

9. Adjourn
