Case Number

**This sensory impact supply report is being submitted as required by  
Section 4B.32 of the Jefferson County Land Development Regulation.**

- Since this subdivision is existing, there will be no changes in acoustical, ocular or olfactory levels.
- Due to the small size of this development, there will be negligible impacts to acoustical, ocular and olfactory levels. Acoustical, ocular and olfactory levels will not exceed those set forth by Section 26 of the Land Development Regulations.
- This development is located within the Airport Influence area as defined in the most recent edition of the North Plains Community Plan. The appropriate aviation easements will be provided.
- Per Section 26 A.4b of the Land Development Regulation:  
Noise projected from existing roadways and uses onto proposed park, school, or residential developments shall not exceed the dBA levels as shown in the dBA Table. If noise levels exceed the dBA levels set forth in the dBA Table, mitigation that reduces levels to or below the required dBA shall be provided. (orig. 4-4-06)
