

Record Series Box/Volume List

16-Nov-17

Series Number: 104

Series Title: Livestock Brand Registrations

Creating Department: Clerk and Recorder

Summary Description: Records of livestock brands and marks registered in Jefferson County. The Stock Brand Index book shows name of brand owner, drawing of brand or mark, placement on animal, and book and page in which the brand certificate was recorded. Two early record books (books 16 and IIA only) contain the certificate of stock brand or the deed of registration (Book IIA includes a few entries of people from Gilpin, Park, Boulder, Arapahoe, Clear Creek and Otero counties). Collection includes actual brand certificates filed with the County Clerk and Recorder, and recorded in books Q and 16 (arranged alphabetically by registrant). Starting in 1899, brands were registered with the State rather than the County. Collection also includes later volumes of the Colorado Brand Book and records of new brands and transfers of brands (arranged chronologically) from the State Board of Stock Inspection. (Extent: Three volumes and four boxes) Related collection: Estray Records.
