

# How To Disable Autoplay Blocker in Chrome

Chrome has a new feature that blocks content with audio that plays automatically, in order to view your Granicus Content you'll need to perform the following steps.

1. Copy and paste **chrome://flags/#autoplay-policy** in your chrome browser URL bar and hit enter.

2. Change the Autoplay Policy to “No User Gesture Required”

3. Click Relaunch Now to relaunch your browser and apply the change.

chrome://flags/#autoplay-policy

Search flags Reset all to default

- Autoplay policy**  
Policy used when deciding if audio or video is allowed to autoplay. - Mac, Windows, Linux, Chrome OS, Android  
[#autoplay-policy](#) No user gesture is re...
- Override software rendering list**  
Overrides the built-in software rendering list and enables GPU acceleration on unsupported system configurations. - Mac, Windows, Linux, Chrome OS, Android  
[#override-software-rendering](#) Disabled
- Experimental canvas features**  
Enables the use of experimental canvas features which are still in development. - Mac, Windows, Linux, Chrome OS, Android  
[#enable-experimental-canvas-features](#) Disabled
- Accelerated 2D canvas**
