Fire protection districts organized pursuant to Title 32, C.R.S. who have adopted the Code shall enforce the Code within their respective jurisdictions.

Special inspector required. All fire protection systems required by Jefferson County Building Code shall be inspected and approved by a special inspector. The inspector shall be an employee of the fire department having jurisdiction or another qualified individual with a current inspection certification issued by the Colorado Division of Fire Safety.

In compliance with the adopted Jefferson County Building Code, I inspected the work performed under the above permit at the above address and in my professional opinion the work was in general conformance with the requirements of Chapter 9 of the current Jefferson County Building Code.
