STATEMENT OF DESIGN ENGINEER

In support of this request for variance for the repair of an existing OWTS the engineer states the following:

- The distance setbacks in the above table do not meet the setback requirements of Appendix A, Table A-1 of the Jefferson County onsite wastewater treatment system regulations and are no closer than the setbacks that currently exist on the property.
- In my professional opinion, the installation of the proposed OWTS will provide no greater risk to the public health and environment than currently posed by the existing onsite wastewater treatment system.
