Environmental Questionnaire and Disclosure

USE THIS PACKET TO PROVIDE INFORMATION REGARDING THE PAST AND CURRENT ENVIRONMENTAL CONDITIONS ON YOUR PROPERTY AS PART OF THE LAND DEVELOPMENT PROCESS.

PURPOSE

To identify recognized environmental conditions that pose a threat to human health and/or the environment. To prevent the County from acquiring contaminated land and/or environmental liability.

BACKGROUND

Jefferson County Public Health requires an Environmental Question and Disclosure Statement for all Zoning Resolution and Land Development Regulation cases or any action that has the potential to transfer or dedicate land to the County.

This form is the initial step in that process. In it you will be asked to provide specific and detailed information concerning any past or current activities that may have resulted in negative environmental impacts. It will often require some research by you to determine what these activities may have been. It also requires you to submit citations, surveys, analyses and test results, remediation reports and other documents that may have been generated relating to these activities. To avoid delays, please be sure that your submittal is thorough and accurate.

After evaluating this information and other resources that the Department has available, the Department will make recommendations regarding the need (if any) for further environmental assessments, which may include the preparation of a Phase I Environmental Site Assessment. Subsequent assessments and possibly even remediation may also be required if environmental contamination is found.

INSTRUCTIONS

See page 1 for instructions to completing this form. This form has five (5) pages. Attach additional pages if necessary to completely respond to the questions.

FEE: There is no fee for processing this document.

PROCESSING TIME

Please allow 7-10 business days for review of this form. Incomplete or missing documents will delay this process.
