Intersection of S. Swadley Ct. & W. Quincy Avenue Closed 8/12 -8/16 & Short Water Service Disruption

JEFFERSON COUNTY, COLO – On Monday August 12, 2019, ACC will begin crossing the intersection of S. Swadley Court at W. Quincy Avenue in order to access the watermain. This work will close the intersection for approximately 5 days with traffic rerouted to S. Tabor Court.

ACC's work in S. Swadley involves adding a valve to the watermain which will provide us leeway to move waterline and add storm sewer without a more significant disruption to water service. ACC should reach the watermain on Wednesday at which time water service will be disrupted to the homes listed below for 2-4 hours between 9 a.m. – 4 p.m. ACC will also reach out to these homes directly to provide notice.

- 4312 S. Swadley Court
- 4337 S. Swadley Court
- 4357 S. Swadley Court
- 4377 S. Swadley Court
- 4387 S. Swadley Court
- 4386 S. Swadley Court
- 11742 W. Quincy Place

The project team is still working on the new phasing plan to expedite the rest of the project to make up for time lost due to utility conflicts. We should make an announcement of those plans soon.

This safety improvement project is designed to slow traffic heading into the round-about and create right turn only lanes to reduce crashes occurring at the intersection. The project will also address waterline and drainage issues and pave the way for future phases of the work on West Quincy. The overall project schedule anticipates an October 2019 completion date.

PROJECT INFORMATION:

For additional information about this project, call the project information line at **(303)-730-4525**, email the team at publicinfo@accbuilt.com, or visit Jeffco's website for an overview of the current and future work on West Quincy Avenue at <https://www.jeffco.us/2850/Public-Improvement-Projects>.
