

Water Reuse

Water Districts- what is their role?

Is there accountability?

\*Yes, through conservation plan.

Stronger words than encourage

\*Incentivize is better

Highlight success stories

\*Genesee/Evergreen

Conjugate water use

Conservation Through Landscaping

\*Xeriscaping with areas where infiltration occurs, i.e. Swales

\*Educate on xeriscaping/conservation

\*Incentivize

\*Questionable benefits to low flow toilets

\*Landscaping regs for residential may be politically difficult

\*Educate from bottom (Elementary Schools) to top (HOA's & Government)

\*County be an example for water smart streetscapes, capital projects
