

Countywide Collaborative Transportation Planning

The Jefferson County Collaborative Transportation Forum (Jeffco Forum) is a working group of local governments in Jefferson County for prioritizing large-scale transportation projects, and seeking grants and funding to complete these projects.

The Forum was created in 2018 by an Intergovernmental Agreement (IGA). The IGA establishes an understanding of how transportation planning efforts within boundaries of the county should be conducted in a coordinated manner and how the communities of Jefferson County will facilitate requests for funding from entities including the Colorado Department of Transportation (CDOT), the Regional Transportation District (RTD), and the Denver Regional Council of Governments (DRCOG).

In 2018, the Forum began working closely with DRCOG to evaluate and prioritize projects that are eligible for federal funding from the Transportation Improvement Program (TIP). A call for federal grants for transportation projects occurred in the first quarter of 2019.

All meetings of the Forum are open to the public and the Forum invites applications for funding from qualified agencies.
