

Apprenticeship Virtual Information Sessions

Centura Health Apprenticeship Programs Fall 2020

- Join us for a virtual information session hosted via Zoom!
- Information sessions will include information about working at Centura Health, what it means to be an apprentice, program overviews from our education partners, and breakout sessions for each of our apprenticeship programs!
- Info sessions can be accessed by phone or computer and will be recorded to access later if you're unable to attend!

CareerGrowth@centura.org

Centura Health is excited to announce we are accepting applications for our Medical Assisting, Sterile Processing and Pharmacy Tech apprenticeship programs!

- Programs begin August 24th, 2020.
- High school diploma or GED required for all programs
- Program requirements include but aren't limited to enrollment at Arapahoe Community College or Front Range Community College (program dependent) and ability to pass a background check

Join us on [Friday May 15th](#) from 9am-10am or [Tuesday May 19th](#) from 11am-12pm to learn more!

Medical Assistant Apprenticeship

The Medical Assistant Apprenticeship Program is a hands on, six-month program that prepares students to take the Certified Clinical Medical Assistant (CCMA) test through the National Healthcareer Association. Apprentices will be hired by Centura Health while completing their Medical Assistant training through their local Community College.

Sterile Processing Apprenticeship

Centura Health is partnering with Front Range Community College (FRCC) to offer a six-month, paid Sterile Processing Apprenticeship. The program consists of coursework that includes both didactic and hands-on simulation in a fully-functioning sterile processing department. Apprentices learn how to process surgical instruments used in an operating room setting to comply with standards set by the International Association of Healthcare Central Service Material Management organization (IAHCSMM).

Pharmacy Tech Apprenticeship

The Pharmacy Technician Apprenticeship Program is a paid, six-month program that prepares students to take the Certified Pharmacy Technician Test through the Pharmacy Technician Certification Board (PTCB). Trainees will be hired by Centura Health while completing their Pharmacy Technician training through Front Range Community College.
