

Vision –

(Where we are going)

To be the most trusted and efficient Assessor's office in Colorado.

Team Strategy –

(How we get there)

Access: We empower our constituents to stay informed about our services through an easy-to-use website, ongoing communication, and opportunities to meet with leadership.

Transparency: We practice an open-door policy with our constituents and are forthright in how we do our business and about the services we provide.

Innovation: We leverage the best available technology to:

- Achieve the most accurate assessments
- Make it easier to implement internal process improvements and
- Enable our constituents to more easily do business with us.

Strategic Imperatives –

(Our Focus)

Structure: We are committed to optimizing our organizational structure to achieve our vision.

People: We invest time and resources in people's development and operate the office in a way that inspires trust. We encourage employees to contribute ideas on how to improve the office. We inspire people to give their best efforts. We recruit the best and the brightest to join our team.

Processes: We make a commitment to examine and improve our processes and procedures with efficiency and transparency in mind.

Resources: We make a commitment to invest in our personnel as well as in the appropriate technical resources to give our constituents better access to our services.
