

**Jefferson County Sustainability Commission
Partners in Energy Call
December 10, 2020 • 1:30 p.m.
Minutes**

Convened: 1:00pm

Attendees: Lynn Coppedge, Shelby Sommer, Jeff Wong, Cedar Blazek, Kevin Morse, Channing Evans, Susan Davis, Jabez Meulemans

- Introductions
- Sustainability Commission update: establishing a foundation and the Climate Action Plan will be developed in 2021
- 2020 Summary: existing MOU extension completed. Highlights included resource conservation kit distribution, HOA energy efficiency materials, C-PACE financing marketing
- 2021 Planning
 - Jeffco will move to "Graduate Support" program for Partners in Energy. This means less general efficiency planning and more focused priorities. Xcel and Brendle Group will provide targeted support
 - No new MOU will be required
 - County facilities group does not need any PIE support
 - Both residential and commercial focuses will be aimed at increasing renewable energy. Brendle will send some additional ideas to the group on potential programming to tackle
 - The sustainability commission will continue to provide energy efficiency outreach and support to the community

Meeting Adjourned: 2:00 pm
