

# Job Search Tips

Congratulations! You now have a wonderful resource, a Chromebook, to aid in your search for a job! How do you start?

1

## Research

Research companies by accessing their websites; look for opportunities that excite you.

2

## Identify

Identify 5-10 companies you want to work for and begin to reach out to people who know people connected with these companies.

3

## Network

Connect with people in your circle of influence and share your job search journey!

4

## Review

Review job boards frequently. Check back with the companies you've targeted to discover openings.
