Policy: Regulating Zoning Inspector Entry and Seizure Warrants

- A. Definitions. The Director of Planning and Zoning, or his/her designee, shall have the authority to determine whether materials stored on lots or tracts constitute rubbish under this ordinance. The Director of Planning and Zoning, or his/her appointed designee, shall consider the following definitions in reaching that determination:
1. "Rubbish" means junk, trash or garbage.
 2. "Junk" means all scrap metals and alloys, bones, rags, used cloth, used rope, used rubber, used tinfoil, used bottles, old or used machinery of any type, used tools, used appliances, used fixtures, used utensils, used lumber, used boxes or crates (fabricated of any material), used pipe or pipe fittings, used conduit or conduit fittings, and used automobiles, used tires and other manufactured goods, that are so worn, deteriorated or obsolete as to make them unusable in their existing condition.
 3. "Trash or Garbage" means refuse, waste, worthless or discarded material, worn or used items having little or no value, and material no longer usable for its original intended purpose.

B. Exclusions

Industrial Tracts: Industrial tracts of ten (10) or more acres, and agricultural land currently in agricultural use as the term agricultural land is defined in §39-1-102(1.6) C.R.S. shall be excluded from this ordinance.

C. Authorization by the Director of Planning and Zoning

The Director of Planning and Zoning, or his/her appointed designee, may authorize a zoning inspector to initiate proceedings under this ordinance when the Director of Planning and Zoning, or his/her appointed designee, reasonably believes that rubbish is being stored outside on any lot or tract within Jefferson County. This belief may be based upon a complaint from the public (including an anonymous complaint) which has been corroborated by a zoning inspector, or may be based on review of a zoning inspector's personal observations of the lot or tract in question.

D. Notice

1. A zoning inspector must provide both the occupant of the property and the property owner with written notice at least thirty (30) days prior to application for an administrative entry and seizure warrant. Notice shall be provided by personal service, or by mailing postage prepaid, return receipt requested, to the address of the property, and also to the address of the owner as indicated in the records of the Jefferson County Assessor, if different.
2. The written notice must contain the following information:
 - a. An address or legal description of the lot and/or tract of land sufficient to identify the property from which the rubbish must be removed;
 - b. A general description of the rubbish to be removed;
 - c. The date by which the rubbish must be removed to avoid the administrative entry and seizure;
 - d. A warning that if the property owner fails to remove the rubbish, the County will do so through an administrative entry and seizure warrant;
 - e. A warning that if the county removes the rubbish, the lot or tract will be assessed the reasonable cost of removal, plus five percent (5%) for inspection and incidental costs, that this assessment shall become a lien on the property until paid, having priority over all other liens except general taxes and prior special assessments, and that if the assessment is not paid within one hundred eighty (180) days, the Jefferson County Clerk and Recorder may certify the assessment to the Jefferson County Treasurer, who shall collect the assessment, together with a ten percent (10%) penalty for the cost of collection, in the same manner as other taxes are collected;
 - f. The Zoning Inspector's name, work address and work phone number; and
 - g. The Zoning Inspector's signature.

E. Application Procedures

1. After both the property owner and occupant have been provided notice as specified herein, if the rubbish is not removed by the date specified therein, the Jefferson County Attorney's Office, on behalf of the Jefferson County Planning and Zoning Division and its zoning inspectors, may apply to either Jefferson County Court or Jefferson County District Court for an administrative entry and seizure warrant.
2. The application shall consist of:
 - a. a copy of the written notice to the property owner, including evidence that the property owner and the occupant of the property received such notice, such as a post office return receipt or an affidavit of personal service; and
 - b. a sworn or affirmed affidavit stating: the factual basis for the warrant; a description of the location of the property; a general list of any rubbish to be removed; and a provision allowing the court to determine whether the rubbish will be disposed of or temporarily impounded.

F. Procedures for Executing the Warrant

Within ten (10) days following the date of the issuance of the administrative entry and seizure warrant, the warrant shall be executed in accordance with the issuing court's directions, and a copy of the issued warrant shall be provided or mailed to the property owner.

G. Submission of Proof to the Court

Following execution of the warrant, proof of the execution shall be submitted to the issuing court. Such proof shall include a written inventory of any property temporarily impounded.

H. Assessment

The reasonable cost of removal, plus five percent (5%) for inspection and incidental costs, shall be assessed upon the lots and tracts from which rubbish has been removed. This assessment shall be a lien on the lot or tract, and shall have priority over all other liens except general taxes and prior special assessments. If the assessment is not paid within one-hundred eighty (180) days, the Jefferson County Clerk and Recorder may certify the assessment to the Jefferson County Treasurer, who shall collect the assessment, together with a ten percent (10%) penalty for the cost of collection, in the same manner as other taxes are collected.
