Adopting Resolution(s): CC08-432

References (Statutes /Resos/Policies):

Purpose: To develop and implement security and safety practices to ensure a secure and safe environment within County facilities for clients, employees and assets.

Policy: Security and Safety Committee

- A. The County desires to provide a safe environment for the protection of its clients, employees, and assets and has established a Committee to identify and develop strategies to address issues as necessary.
- B. Security and Safety Committee
 - 1. The Committee shall be comprised of the County Manager, Deputy County Manager, Strategy Planning and Finance Director, Facilities Management Director, Business and Innovation Technology Director, Undersheriff and Detention Services Division Chief, Safety & Compliance, and Security and Facility Safety Manager.
 - 2. The County Manager may provide for additional participation on the Committee as deemed appropriate.
- C. Procedures
 - 1. The Board of County Commissioners authorizes the Committee to establish and implement procedures that provide for the security, protection and preservation of clients, employees, and assets.
