

LaNell R - Job Seeker 2016

THE CHALLENGE

I was recently laid off and an AJC Talent **Management Specialist** contacted me as a candidate for the Talent Pool Program.

I attended a helpful Resume Review workshop that provided one on one review with an instructor. I met with the Talent Management Specialist to SOLUTION review my resume and conducted a mock interview, as well as a Speed Interviewing Event in which I had 8 minutes with 6 different employers.

OUTCOME

Just two months after being contacted by the AJC, I was offered an admin position. I had been applying and interviewing for positions for 5 months prior to working with the AJC with no job offers. THE After two months working with the AJC Talent Management Specialist I now have a job!
